- You are eligible to complete an internship (4-6 months full time in EU, 3-6 months in the UK)
- You must have the right to work in the country of employment by the start date
- Excellent written and verbal communication skills in English and the local language
- You are willing to work to flexible schedules/shifts hours
- You are results-driven with analytical skills and the desire to innovate and simplify current process and practices
- You should have strong decision-making skills, and use sound logic to communicate
- Evidence of leadership skills – perhaps you are president of a sporting or social club at university or took the lead in a group project
- You are able to demonstrate curiosity and pro-activity, which will allow you to gain greater autonomy in the course of the internship and make the most of your time with us to fully achieve your learning and development goals

## OPIS

Staż w Logistyce

Start Date: January 2024 onwards

Duration: 4 to 6 months (full-time)

Please note this is an on-site role.

Amazon is looking for ambitious, curious and versatile individuals to join our unique

world as interns. Our Amazon EU internship will provide you with an exceptional opportunity to experience a fast-paced, dynamic and internationally diverse environment; it will boost your resume, and provide a superb introduction to our daily responsibilities.

Our internships are educational opportunities intended to allow you, our future managers, to discover how we lead and develop our teams of Associates. As an Operations and Logistics Interns, you will learn how our managers effectively engage their teams to realize their full potential, ensure their performance in order to fulfill our customers' expectations, and encourage a safe and productive environment within our large and complex Fulfillment Centers, Sortation Centers and Delivery Stations. Your internship will put you at the heart of our Operations where you will be part of the journey of one of our many customer's orders.

#### Key job responsibilities

You will put your analytical skills to the test and roll up your sleeves to complete actions that will contribute to improving the functionality and level of service that Fulfillment Centers, Sortation Centers and Delivery Stations provide to our customers. This will include:

- Diving deep into data, mapping processes and problems
- Offering and testing potential solutions and implementing the best one(s)
- Interacting with highly efficient managers, technology development teams, and front-line Associates, thinking broadly about solutions to the most complex business and operational challenges faced by one of the world's fastest growing operations network

We are open to hiring candidates to work out of one of the following locations:

Bielany Wroclawskie, POL | Gliwice, POL | Lodz, POL | Okmiany, POL | Pabianice, POL | Poznan, POL | Sosnowiec, POL | Swiebodzin, POL | Szczecin, POL

## PREFEROWANE KWALIFIKACJE

Preferred qualifications are not required to apply for a position at Amazon. If you have all the basic qualifications above, we'd love to hear from you

- Ability to work successfully in an ambiguous environment, to meet tight deadlines and prioritize workload even when faced with conflicting priorities.
- Previous work experience – a summer job, internship; if it's an experience in a related field or business, even better

Amazon is an equal opportunities employer. We believe passionately that employing a diverse workforce is central to our success. We make recruiting decisions based on your experience and skills. We value your passion to discover, invent, simplify and build. Protecting your privacy and the security of your data is a longstanding top priority for Amazon. Please consult our Privacy Notice ([https://www.amazon.jobs/en/privacy\\_page](https://www.amazon.jobs/en/privacy_page)) to know more about how we collect, use and transfer the personal data of our candidates.
